

# Beaumont

## Patients with COVID-19 infection treated in a Beaumont Hospital

**COVID-19 Infection** = Patients who have *COVID-19 confirmed* or *COVID-19 rule-out* infection. This includes those who either have a recent positive COVID-19 lab test (positive), or are awaiting COVID-19 lab test results (pending), or have negative test but have COVID symptoms (not positive / not pending) and clinical teams have marked them with a *COVID-19 confirmed* infection or *Contact & Enhanced Respiratory* Isolation.

**Positive** = Patients with *COVID-19 confirmed* infection

**Suspected** = Patients with *COVID-19 rule-out* infection awaiting COVID-19 lab results and isolation orders for *Contact & Enhanced Respiratory*

Patients without an active *COVID-19 confirmed* infection or *Contact & Enhanced Respiratory* isolations, will not be counted
