Attached is a modification to the arts and culture line item. It was my understanding that the subsequent vote was a yes or no for the Diatribe and that, if it failed, the funds would revert to the Urban League of West Michigan. I drafted the language to reflect that.

I assumed any reversionary language included could not be in the resolution that fails, so that's why I made the change.

Thanks for already picking up the need for the Diatribe or Urban League provision

The stipulation for the Kent County Homes fund reads as if the \$17.5 million was only available if another \$17.5 million was raised from the community. After speaking with Stek neither of us believed that was the intent. Attached is a new version of the stipulation I put together with Stan's feedback.

We spoke about having a stipulation for the Four Star Theater. My insertion was a best effort to align with what I understood those stipulations would be.

Please confirm these changes or changes similar to them, along with the Diatribe/Urban League language. Thanks!

Here is the draft resolution.

I note it does not have the \$2,0 allocation to Diatribe or Urban League in the main resolution so Lori is fixing that.
